VOL. LXIII. No. 18. REDWOOD CITY, CALIFORNIA, SATURDAY, JULY 29, 1922. ESTABLISHED 1859

NEWSY NOTES OF SAN MATEO COUNTY

On account of the death of Justice of the Peace S. J. Fisher of San Mateo, who was a candidate for re-election, Recorder George Kertell of San Mateo has announced his candidacy for the office. The decision was reached after supporters of Judge Kertell decided that a San Mateo man should be entered in the race for justice of the second township. They will wage a "write-in" campaign, the decision to enter Judge Kertell having been made following the expiration of time for filing nominating petitions, which closed July 20. The other candidates in the field are Porter E. Lamb, formerly justice of Burlingame, Justice Grant B. Morris of Burlingame and W. H. Bird, also of Burlingame. Two candidates will be elected.

The steamer Ocean Wave, formerly a training ship of the navy, is being made into a novel cafeteria and restaurant at Pacific City. The vessel, 215 feet in length and 54 feet wide, has been grounded at the south side of the pleasure pier, after being towed from an Oakland shipyard last Tuesday and brought into the shallow water at nigh tide. Carpenters are remodeling the craft, which is supplied with three decks, where meals and refreshments will be served while patrons enjoy the salt breezes of Pacific City. The main grill room with a seating capacity of 250 will be in charge of John Anderson and M. A. Serbin, restaurant men of San Francisco, it is announced.

Due to an error on the part of Jose Celestino Amaral of Pescadero, the name of Dr. C. V. Thompson, chairman of the San Mateo county board of supervisors, will be the only one appearing on the primary ballot as a candidate for the office of supervisor from the fifth township. Amaral, who acted as verification deputy for John A. McCormick, aspirant for the office, secured five names on McCormick's nominating petition and then signed his own name on the well known dotted line about three inches above where he should have signed and in the place where McCormick's name as nominee should have been written. For the time being Amaral, not a candidate, was te nominee and McCormick, the candidate, was not the nominee. Dr. Thompson, candidate for re-election, filed suit to prevent McCormick's name going on the ballot. The order was granted by Superior Judge George H. Buck, so that McCormick may still be a candidate, but his supporters will be forced to write in his name on the primary ballot. The order by the judge was granted Monday, when McCormick appeared in court but made no showing against the issuance of the order.

MEETING OF COUNTY BOARD OF SUPERVISORS

The San Mateo county board of supervisors Monday adopted plans and specifications for a sewage disposal system at the San Mateo community hospital now being constructed at Beresford and instructed Clerk Elizabeth M. Nash to advertise for bids for the installation of the system, bids to be opened August 21.

The plans were submitted to the board by Architect W. H. Toepke and include septic tanks. A detailed explanation of the plan was given by C. S. Gillespie, consulting engineer with Architect Toepke. Its advantages were explained fully and on motion of Supervisor MacBain, seconded by Supervisor Francis, the board voted unanimously to give its approval. Architect Toepke was requested to obtain the necessary permit for installation from the state board of health.

The board took up again the application of Mrs. J. King for a permit to establish a sanitarium at Menlo Heights, which was previously referred to Supervisor MacBain, and by unanimous vote decided to deny the application.

County Surveyor Geo. A. CITY TRUSTEES HOLD MEETING; DELAY ACTION ON APPOINTMENT

Dead Dog Causes Poundmaster to Lose His Job; Making Two Offices To Be Filled

The Jefferson Acres tract is to be supplied with sewers under plans and specifications adopted at a special meeting of the city trustees Monday night. Hearing of protests has been set for Monday morning, August 14, at 10 a. m., when the trustees will meet as a board of equalization.

The question of sewer facilities in the tract, recently placed on the market by the C. H. Holt Realty Company, is said to have brought about a split in the board, when residents requested permits for temporary sewage disposal. Trustee H. C. Tuchsen, who favored granting the permits, resigned shortly after the matter had been argued before the board. The temporary permits were not granted.

The resignation of Trustee Tuchsen was accepted at Monday night's session after action had twice been postponed.

Sir Alec Hope, poundmaster, was dismissed from the official family of the city after Mayor McNulty repeated portions of a conversation he had undertaken with the poundman relative to the removal of a dog from the streets of the city. The dog was dead, Mayor McNulty explained, and thereby removed, so to speak, from the list of official duties of Sir Alec Hope as the poundmaster of Redwood City, it was stated. At least that was the interpretation of the matter as propounded to the mayor by the dog catcher and repeated and explained by the mayor. Sir Alec refused to remove said dead dog, it was told. He also requested the mayor to "Go to ——!" in case the mayor did not like the said declination of the esteemed dog catcher, according to words of the mayor.

At latest accounts no names have as yet been prominently mentioned for the post left vacant by the before stated post leaving of Sir Alec. Naming of a successor to Hope was placed in the hands of Police Chief Collins and Trustee Mable, chairman of the police and morals committee.

City Attorney Mansfield was requested by the board to prepare an ordinance for the regulation of the dumping of salt water on the streets by various delivery trucks while engaged in the ice cream trade.

Following the reading of a communication from the Redwood City Chamber of Commerce relative to parking of automobiles on the streets City Attorney Mansfield was instructed to amend the present ordinance to permit the parking of machines along all of Broadway and Main streets from the railroad tracks and Arguello to Phelps street.

Removal of the flagpole at Main and Broadway was ordered on the ground that it is becoming a menace to traffic.

Superintendent of Streets Dearborn was instructed to mark the streets for parking and to install traffic guides at Main and Broadway following the removal of the pole, which was erected during the war.

In reply to a communication from the Redwood City Chamber of Commerce relative to vegetable and other peddlers using sidewalks, City Clerk Price was instructed to inform the chamber that the police have already taken up the matter of clearing the walks.

One of the group spoke to him and as he did not answer Mrs. Fletcher went to his side and found that he had passed away.

A physician was summoned but was unable to do anything, as an attack of the heart had taken Mr. Fletcher without warning and without any pain.

Walter Fletcher was a fine, upstanding man and a good citizen. He lived an upright, honorable life and was happiest when giving pleasure to others. He grew to manhood in San Francisco and as a boy attended the Lincoln school in that city. He early associated himself with the Cooks Tour Company and was with that concern for a number of years. A number of years ago he married Miss Mary Rush of Suisun, a sister of Senator Ben Rush of that place, and they lived an ideal married life. Shortly after the earthquake he retired from active business and purchased a 20-acre tract near Redwood City, where he and Mrs. Fletcher have since resided.

Mr. Fletcher was a most active Mason and was a past master of Occidental Lodge, F. and A. M. of San Francisco. He was also a member of the Royal Arch Masons, Knights Templars and of Islam Temple of the Mystic Shrine, also of California bodies of Scottish Rite Masonry.

Halfmoon Bay has been chosen as the place of next meeting, which will be on Sunday, August 20.

Redwood City Aerie entertained with its usual hospitality, serving the delegates with a splendid banquet.

A CREDIT TO CALIFORNIA

"Senator Johnson stands well with the national administration."

So said former United States Senator George E. Chamberlain, now a member of the shipping board, who is in San Francisco.

"What does Washington think of Moore's candidacy for United States senator?" Chamberlain was asked.

"I would rather tell you what Washington thinks of Senator Johnson. They think so well of him that they would consider it a national misfortune to lose him now.

"Senator Johnson stands well with the administration and he stands well with his colleagues in the senate. His frank and vigorous character have gained him the profoundest respect. Naturally a senator of such force and character has differences with his colleagues and at times with the president, but they are differences of opinion and are absolutely natural, and even necessary in a democracy such as ours.

"During my terms in the senate I had differences with President Wilson and the Democratic administration. I a ma Democrat, but I did not agree with everything the administration proposed or did. A man that does always agree—well, he is not my ideal of a good senator."

Boaz Huges, is of a pioneer family of Redwood City.

A. H. Audiffred of San Francisco has purchased the home of Grover Neuman on the Avenida de las Pulgas. This place has a splendid view of the mountain ridge and is exceedingly attractive in its interior. It was built some years ago by two young art students who not only designed but also superintended its construction. Mr. Audiffred plans some changes to the exterior of the the house and many improvements in the grounds surrounding.

Miss Marian Burr was the guest of Mrs. Bradford Leavitt over Saturday and Sunday. Miss Burr's grandfather was one of the early landowners of this valley, having once owned the properties belonging to J A. Hooper and the old Talbot place recently purchased by Daniel Jackling.

Pacific City seems to hold a strong attraction for Woodside people. The family automobile has been kept busy and the beach at that resort often presents the appearance of a Woodside reunion.

Mrs. Frank Nash of Burlingame and her three children are visiting her sister, Mrs. J. L. Ross, Jr.

John D. Gish has returned from a three weeks' visit to Los Angeles, where he was called by the illness of his father.

It is rumored that some of the older inhabitants of Woodside are going to get together and compile a history of this valley. It should make very interesting reading if we could get some tales of those lively days when the lumber mills were humming on both sides of the ridge.

Mr. Wehrlin has resided in Redwood City for over 40 years and has a host of friends here. He is a prominent Odd Fellow, having been an officer of the local lodge for years. Having lived so long in Redwood City his friends believe he will not be contented in the old country and will eventually return to Redwood City, where he spent so many years among congenial friends.

JOHNSON FOR LABOR

It is rather amusing to see Chet Rowell cheek by jowl with Harry Haldeman of Los Angeles in the front rank of the forces behind C. C. Moore in this senatorial campaign. Haldeman is head of the Better America Federation, which is bitterly fighting organized labor.

In the Fresno Republican of September 2, 1920, a newspaper of which he was at that time editor, Rowell said, denouncing the Better America Federation:

"It is very dangerous to raise, as this federation has done, a political campaign fund of $800,000 for the purpose of electing candidates to the legislature who will repeal progressive legislation, and judges and executive officers who will discriminate against labor unions."

And today Chester H. Rowell is hand in glove with H. M. Haldeman.

In the Moore fight besides Chester Rowell, who espoused Cox for president at the last national election, there is Marshall Stimson, who also campaigned for Cox, candidate for president on the Democratic ticket. They are now posing as progressive Republicans.

Somewhat different from these two progressive Republicans, Hiram W. Johnson and Borah, who stumped the eastern states for President Harding. Harding openly credits no small portion of his big majority to the efforts of Johnson and Borah.

And yet one of the denunciations of the Moore forces against Johnson is that he is at outs with the national administration.

Big business has put Mr. Moore up against Johnson for the sole purpose of getting even with the latter for his independence.

CUT TO THE BONE

There will be no contradiction to the statement made by Chairman John T. Adams of the Republican national committee that "No other nation in the world has made such drastic reductions in expenditures as the United States since a Republican congress was elected." And Mr. Adams speaks advisedly when he uses the expression "since a Republican congress was elected." It will be remembered that although President Wilson did not go out of office until 1921, and the Democrats had charge of the administrative offices until that time, the Republicans carried congress at the election in 1918 and came into power in the legislative branch of the government in March, 1919. From the very beginning the Republican congress began cutting appropriations, over the protest of the Democrats in congress and the Democrats in the executive departments. The Republicans cut 2½ billions out of the Democratic estimates before the Harding administration came into power. It would not be entirely fair to compare reductions under the Harding administration with expenditures during the last year under the Wilson administration, for the last year of the Wilson administration was really a year of Republican economy, so far as the Republicans were able to force economy upon unwilling Democrats. The fact remains that the Republicans have cut expenditures to the bone, and, as Mr. Adams says, have accomplished more in that direction than any other nation. It is our guess that the voters will express approval of that policy when they mark their ballots next November.

STEPHENS HAS MADE GOOD

Senator William J. Carr, manager of the Stephens campaign in southern California, has issued a brief statement dealing with what he declares to be the main issue in the present gubernatorial campaign. Senator Carr said:

"In elections already held in eastern and middle western states progressive principles triumphed. There the issue has been to get the kind of government California has long enjoyed. Here in this campaign the issue is to keep this kind of government.

"Governor Stephens is committed to its continuance. He is being opposed by interests repulsed in their efforts to get special favors and to control the processes of government to their own advantage. They would have a return to the kind of government that has been repudiated in California and is fast being repudiated in other states.

"Progressive and forward looking government has paid. Educational facilities have been extended to meet the greatly increased demand for education agriculture has been encouraged and fostered; wise policies looking toward the conservation and development of the resources of the state have been put into effect; a great amount of highway construction done, a fine veterans' welfare program adopted; the state government has been made a useful and helpwul agency in advancing the state and during the years of reconstruction California has gone ahead. While all the nation has been struggling with hard times California has been the one white spot of prosperity on the map.

"Corporations taxes solely for the state purposes have been forced to pay the same rate of taxation as the ordinary taxpayer who pays nothing to the state, but only for his city, county and school governments. Because of this powerful interests hate Governor Stephens and the kind of government he stands for."

SOME IMPRESSIONS

The fire alarm has an annoying habit of screeching forth its signal at most inconvenient times. Last Sunday it sounded forth 13. Now 13 is not only an unlucky number but it also signifies that there is a fire somewhere near the junction of Main street and Broadway. Most of the business interests are in that section.

The time of the alarm was 11:20 a. m. Most of the church goers had the entire morning service spoiled by the fire alarm. They couldn't get up and leave church and each business man and his wife wondered ho wmuch of their property would be left by the time the sermon was over and the last hymn sung.

Mountain View has passed a bond issue and has selected an architect to plan a new $180,000 high school. Daly City will vote on a $180,000 bond issue next month for the erection of a new high school. The bonds will carry. Verily we are living in a time when the people demand new schools and the best that can be had. There is no excuse for anyone going without an education nowadays. San Mateo county is most fortunate educationally. The children of 4½ years may enter kindergarten, they may go from there to the primary school, through the elementary school and high school and through junior college without ever leaving home. They may enter the upper classes at university or college or they may enter normal school or go into business with a thorough education. We certainly live in a fine county and in a most enlightened time.

In an argument one of our friends this week told his better half to use her berry. Whereupon the lady of the house remarked that she was letting the current run her washing machine.

OPENS HEADQUARTERS

Stephens for governor headquarters have been opened in the Monadnock building. Percy V. Long, who led the Stephens campaign in 1918, will again head the committee. Arthur H. Samish, who during the last three sessions of the legislature has held important clerkships in the assembly, will be in charge of the headquarters.

At a conference of Governor Stephens' friends at the headquarters it was decided to effect a thorough campaign organization in San Francisco under the direction of Chairman Long.

It is planned to make an active campaign during the month of August. The organization now being formed will likely continue to function in the final campaign, following the primary election.

Secretary Samish, following a visit to Sacramento and conferences with leaders there, says that the sentiment for Governor Stephens in the interior is overwhelming.

"There is no important opposition anywhere to Governor Stephens in the entire region from Siskiyou to the Tehachapi," said Samish. "So far as the Republican nomination is concerned the governor's success is assured. We are finding encouragement on every hand in the bay region. All attempts at opposition here have collapsed."

A Stephens organization is also being effected in Alameda county under the direction of Roscoe D. Jones. He was the Stephens manager there four years ago.

A STRONG MAN IN COMMAND

"When everything goes lovely," said Mr. Harding, "the president never knows anything about it, but when there is a struggle he becomes the chief sponsor." The remark has reference to the trials and tribulations of the presidential office. It is fortunate for the country that a man of Mr. Harding's strength of character is in the White House during the labor upheaval that is upon us. The people may rest assured that the president will draw upon every resource of the government to see that their constitutional rights are secure.

San Carlos Notes

Mrs. Paul Poliza from El Segundo, Cal., after enjoying a two weeks' outing at Santa Cruz and in the big tree section, has come to San Carlos for a fortnight's visit at the home of her sister, Mrs. D. L. Stewart, Cypress and Walnut avenues.

John A. Gill, the genial tariff inspector for the Southern Pacific, who is lining up the tariffs along the coast division as per the interstate commerce law, was here last Monday to line things up at the San Carlos station.

C. E. Fowler, the popular candidate for supervisor, who built the scenic railway at Pacific City, who has been engaged in building and construction work all his life, and who don't need a spirit level to see if things are on the level or at the proper grade, was here last Wednesday visiting friends and other voters.

Master Joe Colton, who has been rusticating with his boy scout friends at Cazadero in Sonoma county for several weeks, returned home last Saturday.

D. L. Stewart and family have returned home from a two weeks' outing on the ranch of Dr. Null's brother in the Shasta section.

J. M. Edling is enjoying his two weeks' vacation from his position in the general offices of the Southern Pacific working in his garden and improving his grounds about his home.

Mrs. Walter Runeman and her sister, Mrs. L. McAtee of San Francisco, were week end visitors at the home of Mrs. A. J. Runeman. Mr. McAtee is a son of Judge McAtee of San Francisco.

Mrs. Eugene Pike and her daughter, Miss Helen, of San Francisco were week end guests of Mrs. C. H. Dieckmann, sister of Mrs. Pike.

Harry Cross of the Bank of Italy, San Francisco, and his two children were visitors at the home of H. Schomer, an old friend of Mr. Cross.

Miss Josephine Stanley, a recent graduate of the Paso Robles high school, whose home is in San Miguel, is here for a visit at the home of her aunt, Mrs. Rufus O. Cook. Miss Stanley expects to enter the Stanford hospital this fall to train as a nurse.

Mrs. Anita Kunze and her twin boys returned Sunday from a week's visit with friends and relatives in the towns across the bay.

Miss Katherine Smith, one of the ambitious girls of Berkeley, was in San Carlos last week canvassing for subscriptions to various periodicals. If Miss Smith is successful in securing the necessary number she will be presented with a scholarship in either of our universities.

John P. Duffy, another of the numerous candidates for supervisor, in company with his friend, Dave Walker, was here one day last week for a double shot at real estate and politics. Don't know if they can kill two birds with one stone or not when there are so many other gunners in the field, shooting at the same target. However, little David of old was mighty clever at throwing rocks when there was any big game to be shot at.

Mrs. Florence McLean Lansing of Honolulu, who has been in California for some time, is a guest at the Hull-Shields home.

Cleaning Without Odor by the

F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

Our equipment to redistill and purify our cleaning fluids alone represents a bigger investment than many cleaners have in their entire plant. That is why our work has no odor.

Goodrich *announces* new tire prices

—lowest cost mileage ever known

Effective July 20th, Goodrich establishes a revised price list that is a base line of tire value. It gives the motorist the buying advantage of knowing that whatever size tire he selects is of the same quality—*the Goodrich one-quality standard.* It gives him the longest mileage, the most satisfactory service and the highest quality his money can buy. Results will prove that it is impossible to buy tire mileage at lower cost.

Think of being able to buy

Silvertown Cords

at such prices as these:

SIZE	BASE LINE PRICE	SIZE	BASE LINE PRICE
30 x 3½ Cl.	$13.50	34 x 4 S. B.	$30.85

keep friction where it belongs

Friction consumes power and develops heat and wear.

Sometimes friction is utilized. In the automobile the friction of the clutch transmits the power of the engine to the rear or driving wheels, the friction of the tires and the road surface propels the machine, and the friction of the brakes stops the car. Friction should be confined to the parts named (the clutch, the tires and the brakes), if possible.

Lubricating oil used in the automobile to prevent friction between all moving parts in direct contact has friction within itself. This friction has to be overcome by and uses up engine power. The heavier the oil the more its internal friction, the less power it leaves for useful work.

Increasing Power, Speed and Gasoline Mileage

It may be proved that as much as 20% of the power at the driving wheels may be lost through the use of an incorrect oil.

The ideal oil is the thinnest oil which will keep the bearing surfaces separated and at the same time offer in it self the least frictional resistance to the engine power going to the driving wheels

In addition, this oil must have stability to resist engine heat, and it must be pure

Zerolene meets the conditions perfectly. Made from selected crudes by our own patented high-vacuum process, it has great "oiliness," which causes it to cling to bearing surfaces while offering in itself a minimum of frictional resistance to the engine power; it has great stability to resist engine heat, and it is pure

Zerolene reduces friction, and permits the development of the maximum power, speed and gasoline mileage of the car.
